

HHRR06H

Hydraulic Hose - Push-on

R6 Hi-Temperature

High temperature low pressure hose for hydraulic applications. Suitable for passage of mineral and vegetable oils, water-based solutions, water air and inert gases.

- Tube:** Oil resistant synthetic rubber tube.
- Cover:** Blue synthetic rubber resistant to oils, abrasion and weather condition. MSHA flame resistant cover.
- Reinforcement:** One high resistant textile braid.
- Temperature:** -40°C to +135°C (150°C discontinuous) except for air - not higher than 121°C
- Conforming Standards:** Meets or Exceeds SAE J517 100R6 performance
- Branding:**

Size (in)	ID mm	OD mm	Working psi	Mini Burst Pressure psi	Weight KG/M
1/4	6.4	12.6	400	1.600	0.08
5/16	7.9	14.2	400	1.600	0.10
3/8	9.5	15.8	400	1.600	0.13
1/2	12.7	19.8	400	1.600	0.15
5/8	15.9	23.1	350	1.400	0.17
3/4	19.0	26.5	300	1.200	0.21
