PRODUCT DATA SHEET

CARBY CLEANER

PRODUCT DESCRIPTION

Carby Cleaner is a rapid action, solvent-based, aerosol cleaner for carburettors and other fuel dispensing apparatus. It is designed to remove oil, gum, fuel, varnish and carbon deposits from the equipment and to restore the surface to an "as new" appearance.

Carby Cleaner is suitable to be used on choke valves, automatic choke controls, carburetor exteriors, linkages and heat-riser valves. It dries quickly without leaving a film.

APPLICATION

Shake the can of **Carby Cleaner** well and with engine cold ignition off, spray into throat of carburettor until choke valve and other surfaces are clean. Remove the air cleaner and start the engine. While the engine is idling, spray into float chamber vent and throttle body. Stop engine then spray the exterior of carburettor, and finally replace the air cleaner.

HAZARDOUS IDENTIFICATION

This material is classified as Hazardous according to GHS criteria: Danger: Flammable Aerosol. Aerosols are classified as Dangerous Goods, Class 2.1, UN 1950 for transport by road and rail.

TYPICAL PROPERTIES

Property	Result
Appearance:	Clear, colourless liquid
Odour:	Solvent odour
Specific Gravity:	0.854 @ 20°C
Relative Vapour Density (Air = 1):	>1
Melting Point:	<0°C

Available in: 400g
